Let's Start!

Let's beat the Boston traffic with the best taxi driver in town!

BOSTON
MASSACHUSETTS

Learning Outcome

Describe rooms, homes and objects in buildings in common social and work situations.

Can Do Statements

- I can talk about travel and transportation.
- I can make and respond to requests.
- I can compare two things.

Ask your partner:

- Do you often take taxis?
- Do you think the fares are expensive where you live? Why or why not?

Let's Explore!

Sally grabs a taxi. The driver is the best **cabbie*** in town!

* A "cabbie" is a taxi driver.

Instructions: Read the text aloud.

Sally: Taxi!

Taxi driver: Yes, Miss. Where are you going?

Sally: I'm going to Cambridge. Can you drop me off at the intersection of Holyoke and Mt Auburn St?

Taxi driver: Sure. Let me help with your bags.

Sally: Thank you ... Do you have a flat rate for the fare?

Taxi driver: Yes, but the traffic is not heavy at the moment. It will be cheaper to use the meter.

Sally: Ok ... What's the fastest route?

Taxi driver: We could take the interstate and turn right on Anderson Memorial Bridge.

Sally: Is there a quicker way? Could you take Storrow Drive instead?

Taxi driver: Of course. Storrow Drive is shorter than the interstate, but the traffic is heavier.

Sally: Which one is cheaper?

Taxi driver: It's about the same, really. There is a toll on the interstate, and there is a tunnel fee to get to Storrow Drive.

Sally: Alright. Just take whatever is faster, then. I trust you.

Taxi driver: Absolutely! I'm the best driver in town!

Let's Practice!

Let's take a ride!

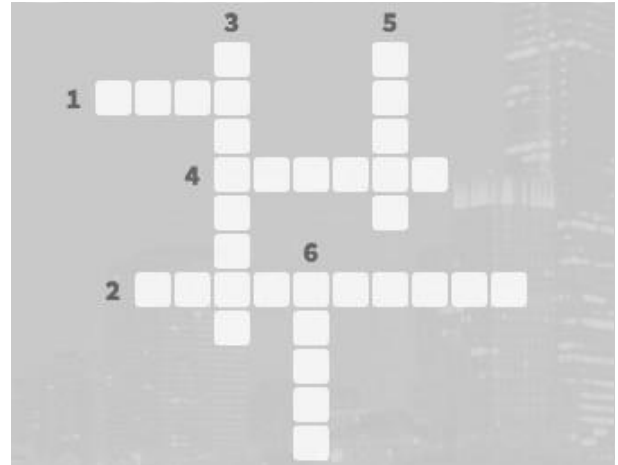

Instructions: Complete the crossword.

Down

3. A fixed price for a taxi ride
5. A device that shows how much the taxi fare is
6. A way to get to a destination from a starting point

Across

1. The price you pay to use a particular road structure
2. A system of highways in the USA
4. An underground passage that goes through a hill or a river

Let's Practice!

Help Sally ask the taxi driver for the best route!

Instructions: Find and fix the mistake. Each sentence has 1 mistake.

1. Can you droop me off at the intersection of Holyoke and Mt Auburn St?
2. Do you have a fat rate for the fare?
3. What's the fattest route?
4. Could you taking Storrow Drive instead?
5. Which one is cheapest ?

Extension Activity

Don't take the scenic route!

Instructions: Complete the following steps. Fill in the Self-Assessment.

- With a partner, write a dialogue (10 to 12 lines) between a cab driver and a passenger.
- Ask the cab driver for different routes to the airport from your home.
- Compare the different routes and decide on the best way to get to the airport.
- Read your dialogue with your partner.
- Change roles.

Target Words

- to drop off** (verb): to bring a person to a certain destination
e.g. Can you drop me off at the intersection of First and Main St?
- fee** (noun): the price you pay for a service; surcharge
e.g. There is a \$2 fee to exit the airport.
- toll** (noun): the price you pay to use a particular road or structure
e.g. There is a toll on the interstate.
- interstate** (noun): a system of highways in the USA
e.g. We could take the interstate and turn right at the bridge.
- flat rate** (expression): a fixed price for a taxi ride
e.g. The taxi offers a \$40 flat rate to Cambridge from the airport.
- tunnel** (noun): an underground passage through a hill or river
e.g. We could take the Sumner Tunnel to get to Storrow Drive.
- meter** (noun): a device that shows how much the taxi fare is
e.g. It's cheaper to use the meter right now. The traffic is very light.
- route** (noun): a way to get to a destination from a starting point
e.g. What's the fastest route to get to Holyoke Street?

Learning Points

Making and Responding to Requests

It's important to be polite when you ask for something or respond to requests.

You can make a request by using:

- *can you ... ?*
- *could you ... ?*
- *will you ... ?*
- *would you mind ... ?*

Making Requests	Responding to Requests
<i>Can you drop me off at the intersection of Holyoke and Mt Auburn Street?</i>	<i>Sure. Let me help you with your bags.</i>
<i>Could you take Storrow Drive instead?</i>	<i>Of course. Storrow Drive is faster than the interstate.</i>

Comparative and Superlative Adjectives

You use a comparative to compare somebody or something to **one** other person or thing. You use a superlative to compare somebody or something to the whole **group** that he, she or it belongs to.

- You use **than** after comparatives.
- You add **the** in front of the superlative form to describe people, places and things.

Look at the chart for information on how to form the comparative and the superlative:

Adjective	Comparative	Superlative
short	shorter (than)	the shortest
late	later (than)	the latest
heavy	heavier (than)	the latest
expensive	more expensive (than)	the most expensive
good bad	better (than) worse (than)	the best the worst

Examples:

- *Storrow Drive is shorter than the interstate, but the interstate is the fastest route.*
